## K B S K : 7 5 <sup>t</sup> h a n n i v e r s a r y

The Royal Chess Club of Bruges celebrates its 75th anniversary and wishes to share this with all chess players. This year, we will organise an international open tournament next to our traditional youth tournament. These tournaments will be organised in one of the most renowned buildings of Bruges: **the Belfort of Bruges**.

Those who know Bruges very well already know that Bruges in winter is a unique experience: the Christmas market, ice skating in open air, the nicely decorated streets.

### Christmas Tournament for the Youth

This tournament already has a long history. It is the final tournament of the Flemish cycle of youth tournaments. It is organised on Saturday and Sunday and the young players will also play in the Belfort.

### International Open

No Master Tournament this year, but an International Open. 9 rounds in 5 days, a FIDE tournament and enough prize money to attract masters and grandmasters from all over the world.

The last ECI Tournament took place some 10 years ago on exactly the same spot. Maybe this tournament is the beginning of a new tradition?
